

CUTLER STREET FUTURE

115-123 Houndsditch

CGI of the development as viewed from Devonshire Square

Community Update

Brockton Everlast secured planning permission in 2021 to redevelop 115-123 Houndsditch, located between Houndsditch and Cutler Street.

The development will transform Cutler Street into a more accessible, vibrant and active space. Our plans will deliver a new office building, flexible retail/café spaces, community areas, basement cycle parking, and an improved public realm.

We are progressing proposals to make changes to the existing consent in early 2025, including a reduction in the number of basement levels. These changes result in improvements to the public spaces, flexible community unit, retail units and affordable workspaces, enhancing the scheme for the benefit of those living in, working in and visiting this part of the City.

Join us for our public drop-in event on **20th January 2025** - see details overleaf.

JOIN US FOR A PUBLIC DROP-IN EVENT

We invite local residents to meet the project team and learn more about the 115-123 Houndsditch development at our upcoming public drop-in event. You can ask questions, hear about the latest updates, and find out more about the minor design amendments.

Event details:

-  **Monday 20th January 2025**
-  **3:30pm - 6:30pm**
-  **Artizan Street Library & Community Centre,
1 Artizan St, London E1 7AF**
